HDI Vertical Mailbox Systems

9040

STANDARD FEATURES:

- Each mailbox consists of 3 to 7 compartments enclosed within a wall box. The wall box and compartments are constructed of heavy gauge galvanized and chromated steel providing both durability and resistance to rust. Access for loading is gained by unlocking a U.S.P.S. control lock and pivoting the compartments forward.

COMPARTMENT SIZE:

- 16.5" high x 5.5" wide x 6" deep

DOORLOCK:

- 5 pin cam with 2 keys.
- (Optional locks available)

FINISH:

- 628 natural anodized alum (standard)
- 688 gold anodized
- 382 medium bronze baked enamel
- BRASS (Polished or Antique)

DOOR IDENTIFICATION:

- Name and number slots in door with cardholder (standard)
- Engraved #'s (BRASS ONLY)

MOUNTING METHODS:

- Recessed in wall - 6-1/2" depth required
- Semi-recess in mounting frame - 4" depth required
- Full surface in mounting frame

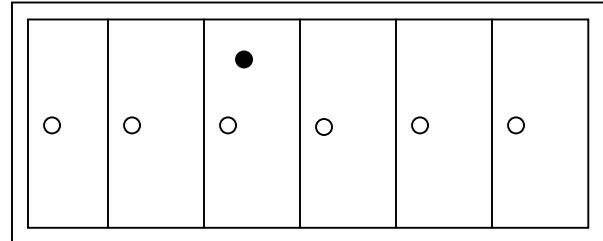

LOBBY PANELS:

- Lobby Panels are available, installed in mailbox doors.

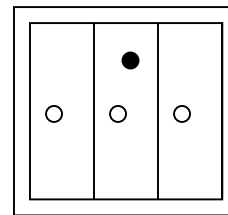

SOLID BRASS:

- Polished (shiny)
- Antique (satin)
- Custom door identification

9040-6 (NEW STYLE - USPS Approved)
